

Become that someone in Sciences: the pharmacologist, the nuclear engineer, the nature conservation officer, the computer systems analyst

Become that someone in Health Sciences: the health communications advisor, the physician assistant, the pediatric occupational therapist, the certified health fitness specialist

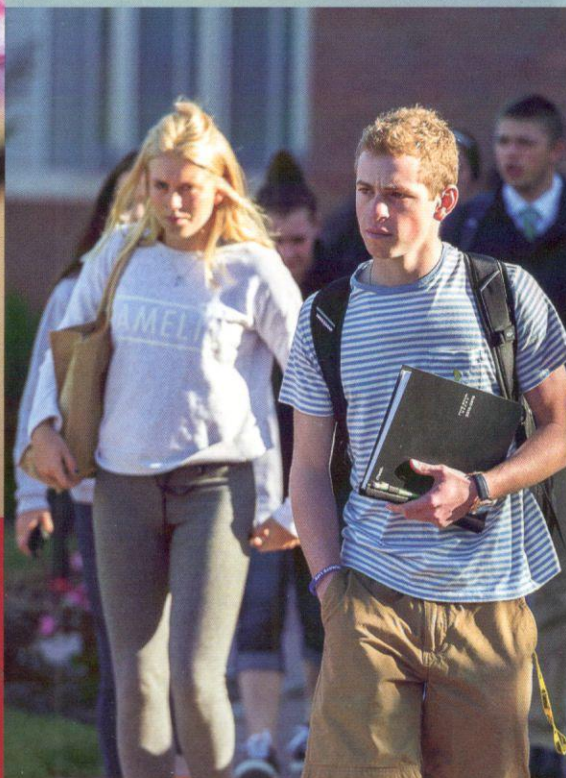

Become that someone.

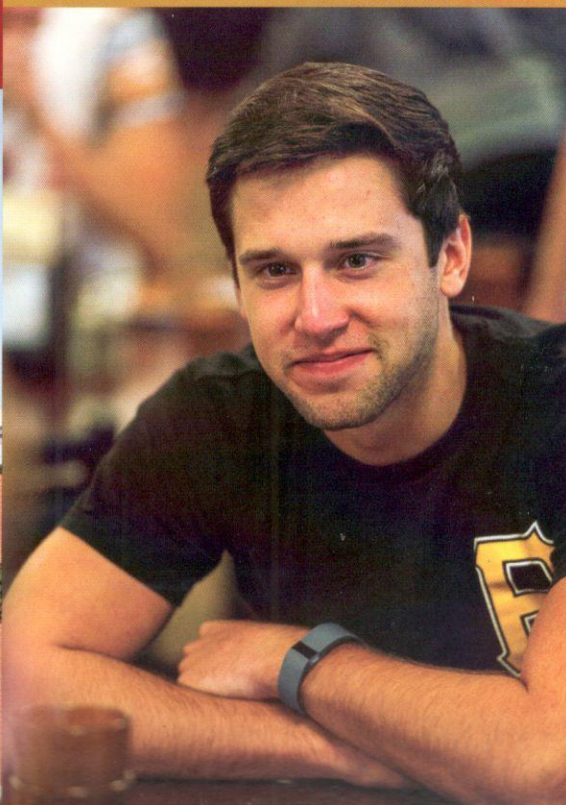

Student-athletes at Saint Francis wear a patch that says "Become that someone," which honors the friendship of Jack Twyman and Red Flash basketball legend Maurice Stokes.

Become that someone in Arts & Letters: the author, the social worker, the government agent, the expert in American Sign Language

Become that someone in Business: the certified public accountant, the information architect, the financial advisor, the information security risk analyst, the creative director

We call the mountains of central Pennsylvania home, as well as the mountains of Southern France.

St. Francis of Assisi found peace and harmony in nature. At Saint Francis University, we think you will, too. From our main campus in Loretto to our Ambialet site in France, we offer students breathtaking views, inspiring environments, and room to let your ideas grow.

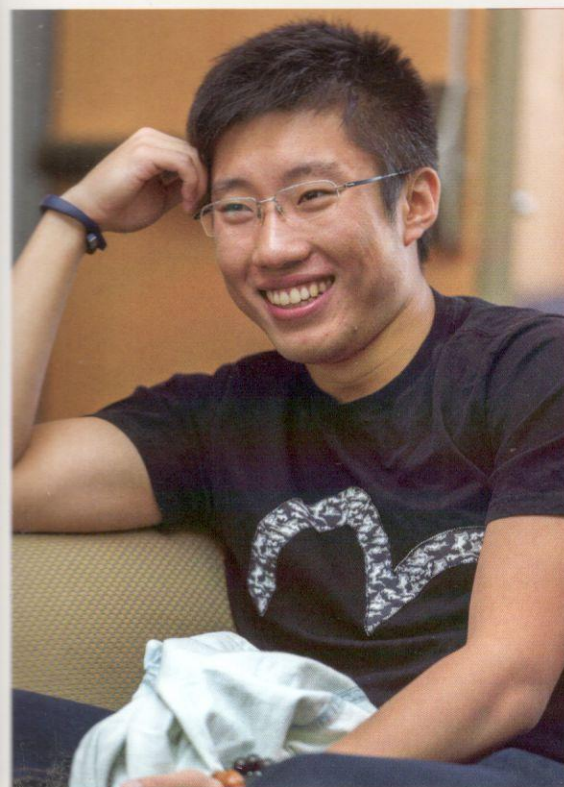

RYAN GEIGER, M.Ed.

Don't just go to college; become part of a tradition!

SMALL SCHOOL. BIG SPORTS.

Saint Francis is one of the smallest Division I schools in the nation, combining big-time athletics with a small classroom environment and personalized attention. At SFU, we truly believe you are a student-athlete, and so we strive to see you succeed in both. The Red Flash advantage is clear: to date, we have 41 Academic All-Americans, which is over 25 more than any other Northeast Conference (NEC) school. But our sports teams aren't just for our athletes! Join Flash Fever and root on your friends as they take on marquee programs at Saint Francis.

ON BEAT. AND OFFBEAT.

We use our mountain to our advantage: we have our own outdoor ice skating and hockey rink, and we boast a rope-tow snowtube park that's free to all students. If winter sports aren't your thing, then we have indoor and outdoor basketball courts, sand volleyball courts, hiking trails, a 9-hole disc golf course, and a 9-hole private golf course. And don't forget our 65+ clubs and organizations, plus 12 Greek chapters. Whether you're acting in our theatre group, writing for the *Troubadour*, or learning to scuba dive, you will never be bored while at SFU!

NCAA Division I Varsity Sports

Basketball (M/W)	Soccer (M/W)
Bowling (W)	Softball (W)
Cross Country (M/W)	Swimming (W)

Where success means more.

Of course we want you to be professionally successful and financially secure. But if this is all we helped you do, then we didn't do enough. At Saint Francis University, we want to give you more.

In the Spirit of St. Francis, we call on students of all faiths to use their gifts and passions to serve others. This includes providing medical care in the Dominican Republic, building homes through Habitat for Humanity, or distributing food, furniture, and clothing through our very own Dorothy Day Outreach Center (to name only a few of our many outreach and service initiatives). Once you know what it means to serve, we think you'll understand what it means to be truly "successful."

Our Eight Goals of Franciscan Higher Education aren't just ideals to be admired, but values to be lived...

*The John Templeton Foundation
named Saint Francis University
as one of the nation's top 100
colleges that encourage
character development.*

SFU has been honored as both a "College of Distinction" and a "Catholic College of Distinction" for the 2016-17 school year.

Your chances of ending up in a great place are much better if you start from a great place—99% of all SFU graduates move on to employment or graduate school within nine months of graduation.

But that percentage only demonstrates a small fraction of what a liberal arts, Franciscan education will do for you. At Saint Francis, we want you to be a creative, moral, thoughtful, insightful, and altruistic learner for the rest of your life. Don't just make an investment in your education—make an investment in yourself.

Are you ready to Reach Higher?

SAINT FRANCIS
UNIVERSITY
FOUNDED 1847

www.francis.edu

isn't just a motto—it's a Red Flash tradition. Since its inception in 1998, our students have struck the above pose while on mission trips, semesters abroad, & research excursions around the globe. Visit and see what it means to reach higher; you may be surprised how far you will go.
